OUR MISSION

Our school aims to provide a quality education in a caring community based on values of respect, responsibility and resilience and a relentless pursuit of excellence in all that we do.

OUR VISION

Our School will be recognised as a fully inclusive, aspirational, high achieving centre of excellence, firmly rooted in the local community.

We will create, develop and maintain a challenging and stimulating personalised learning environment where no student is overlooked or left behind and where teaching and learning is high quality, inspirational and innovative.

We will consistently have high academic standards and expectations for every individual and continue to place considerable value on sport and healthy living and developing strong links with the community.

All members of our school community will be valued and every success will be celebrated.

Our School will maintain a safe, secure and caring environment in which to work and learn.

AUDENSHAW SCHOOL SAFEGUARDING STATEMENT

This School is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.

INTRODUCTION

For the purpose of this Policy, the “School” is defined as employees, governors, pupils and third parties such as contractors, agency workers and consultants acting on behalf of the organisation.

RSE and Health Education is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE and Health Education involves a combination of sharing information, and exploring issues and values.

RSE and Health Education is not about the promotion of sexual activity.

1. AIMS AND OBJECTIVES OF THE POLICY

Statement of belief

At secondary school level, Sex & Relationship Education should prepare students for an adult life in which they can:

- Develop positive values and a moral framework that will guide their judgements, decisions and behaviour
- Embrace the challenges of creating a happy and successful adult life, pupils need knowledge that will enable them to make informed decisions about their wellbeing, health and relationships and to build their self-efficacy.
- Understand the consequences of their actions and behave responsibly within sexual and pastoral relationships. Pupils should understand the benefits of healthy relationships to their mental wellbeing and self-respect. Through gaining the knowledge of what a healthy relationship is like, they can be empowered to identify when relationships are unhealthy. They should be understand that unhealthy relationships can have a lasting, negative impact on mental wellbeing.
- Have the confidence and self-esteem to value themselves and others and respect for individual conscience and the skills to judge the kind of relationships they want
- Communicate their wishes and feelings effectively
- Be aware of their sexuality and understand human sexuality
- Understand the arguments for delaying sexual activity and the reasons for having protected sex

- Have sufficient information and skills to protect themselves and, where they have one, their partner from unwanted conceptions and sexually transmitted infections, including HIV
- Identify and challenge any Peer and Peer abuse happening to themselves or others.
- Avoid being exploited or exploiting others and being pressured into unwanted or unprotected sex
- Access confidential sexual health advice, support and, if necessary, treatment
- Know how the law applies to sexual relationships.
- To make links with parents to help them understand how best to talk to their sons about sex and relationships.

2. THE ORGANISATION AND DELIVERY OF SEX AND RELATIONSHIP EDUCATION

- The Curriculum Leader of RE and Life Skills is responsible for the co-ordination of SRE.
- SRE will be delivered through dedicated curriculum time in Life Skills lessons (Years 7 to 10 and during form time with 11.
- There will be 7/8 lessons for each year group delivered though a spiral curriculum. Each year's programme will revisit and build on the previous year's programme.
- Students will also access SRE content through assemblies, drop down days and external speakers and workshops.
- Ground rules are established, question boxes are used, reflection is encouraged and debate is used to complement the programme of study.

A dedicated spiral curriculum is used. All resources come from accredited programmes of studies and the suggested scheme is from the Tameside SRE programme (2018) This curriculum takes full account of the government's statutory guidance on RSE and Health Education. (February 2019). The same topics are covered by all the SRE team in a strict scheme of work so that all students have equal provision. A range of activities are employed: pair work, group work, debate, media clips to facilitate discussion, outside speakers and practical demonstrations. (See Appendix 2 – Year 7 – 11 SRE and Health topics)

External agencies, such as, health care workers, LGBT speakers and Tameside safe sex team will all be used in the programme. New resources which have been created for Tameside by Tough Cookies have also been added to the learning journey for SRE

- We liaise with the Sexual Health Intervention and Prevention Team Manager: Gary Hall.

3. PARENTS' RIGHT TO WITHDRAW

Parents have the right to withdraw their children from the non-statutory/non-science components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this.

The full policy and curriculum content map has been shared with all parents in October 2020 and again in May 2021. Parents are encouraged to contact the school if they have any concerns.

If a parent/carer wishes to remove their child from the SRE programme, they will be invited in to School to discuss the programme and its benefits with the SRE co-ordinator, **Mrs P Brookes**.
brookesp@audenshawschool.org.uk

If they still wish to remove their child then that student will be expected to undertake independent study supervised by an adult.

Use of visitors:

The programme of study will be supported by the following visitors to school: the school nurse; LGBT+ group the Proud Trust and the YouThink team.

These visitors will be accompanied by a member of the SRE team and/or a Year Leader at all times. They will be made aware of the School's expectations regarding our students and our morals and values. None of these visitors will work in classrooms unsupervised.

4. PROCEDURES FOR MONITORING AND EVALUATION

Please see Appendix 3.

Member of staff responsible for the monitoring and evaluation of the programme of study and the SRE policy is the SRE co-ordinator, Mrs P Brookes.

5. DISSEMINATION OF THE POLICY

The Policy will be made available to all staff, students, parents and carers on the school website.

APPENDIX 1 How

TOPIC	STUDENTS SHOULD KNOW
Families	<ul style="list-style-type: none"> • That there are different types of committed, stable relationships • How these relationships might contribute to human happiness and their importance for bringing up children • What marriage is, including their legal status e.g. that marriage carries legal rights and protections not available to couples who are cohabiting or who have married, for example, in an unregistered religious ceremony • Why marriage is an important relationship choice for many couples and why it must be freely entered into • The characteristics and legal status of other types of long-term relationships • The roles and responsibilities of parents/carers with respect to raising of children, including the characteristics of successful parenting • How to: determine whether other children, adults or sources of information are trustworthy: judge when a family, friend, intimate or other relationship is unsafe (and to recognise this in others' relationships); and, how to seek help or advice, including reporting concerns about others, if needed
Respectful relationships, including friendships	<ul style="list-style-type: none"> • The characteristics of positive and healthy friendships (in all contexts, including online) including: trust, respect, honesty, kindness, generosity, boundaries, privacy, consent and the management of conflict, reconciliation and ending relationships. This includes different (non-sexual) types of relationship • Practical steps they can take in a range of different contexts to improve or support respectful relationships • How stereotypes, in particular stereotypes based on sex, gender, race, religion, sexual orientation or disability, can cause damage (e.g. how they might normalise non-consensual behaviour or encourage prejudice) • That in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including people in positions of authority and due tolerance of other people's beliefs • About different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders to report bullying and how and where to get help • That some types of behaviour within relationships are criminal, including violent behaviour and coercive control • What constitutes sexual harassment and sexual violence and why these are always unacceptable • The legal rights and responsibilities regarding equality (particularly with reference to the protected characteristics as defined in the Equality Act 2010) and that everyone is unique and equal

TOPIC	STUDENTS SHOULD KNOW
Online and media	<ul style="list-style-type: none"> • Their rights, responsibilities and opportunities online, including that the same expectations of behaviour apply in all contexts, including online • About online risks, including that any material someone provides to another has the potential to be shared online and the difficulty of removing potentially compromising material placed online • Not to provide material to others that they would not want shared further and not to share personal material which is sent to them • What to do and where to get support to report material or manage issues online • The impact of viewing harmful content • That specifically sexually explicit material e.g. pornography presents a distorted picture of sexual behaviours, can damage the way people see themselves in relation to others and negatively affect how they behave towards sexual partners • That sharing and viewing indecent images of children (including those created by children) is a criminal offence which carries severe penalties including jail • How information and data is generated, collected, shared and used online
Being safe	<ul style="list-style-type: none"> • The concepts of, and laws relating to, sexual consent, sexual exploitation, abuse, grooming, coercion, harassment, rape, domestic abuse, forced marriage, honour-based violence and FGM, and how these can affect current and future relationships • How people can actively communicate and recognise consent from others, including sexual consent, and how and when consent can be withdrawn (in all contexts, including online)
