### **What is Abuse?**

Abuse is maltreatment of a child. This may be neglect, any form of physical, emotional, or sexual mistreatment that leads to harm or injury, or failure to protect a child from harm. It can happen to any child regardless of their age, gender, race, or ability and may be inflicted on the child by an adult/adults or another child or children.

### **What to do if you are worried about a student:**

You may observe something or become aware of information about a student which concerns you while you are in school. If you do, it is important that you share your concerns with the Designated or Deputy Designated Safeguarding Lead. The Student Services Office will make arrangements for you to speak to them if you cannot locate them.

### **What to do if a student makes a disclosure:**

- React calmly, listen without displaying shock, disbelief or making judgements
- Do not promise confidentiality – explain that you must share the information with the Designated Safeguarding Lead
- Reassure the student, but only so far as is honest and reliable
- Do not interrogate the student, ask leading questions, or criticise the alleged perpetrator
- Make accurate notes (record the date, time, place, your observations and exactly what the student has said)
- The school use a system called My Concern to log all incidents
- Report your concerns immediately to the Designated or Deputy Designated Safeguarding Lead
- Follow the school Child Protection Policy and procedures at all times, this is available on the school website.

### **What to do if you have concerns about a member of staff**

If you are concerned about the conduct of a member of staff following something you have observed or a disclosure, you must report this to the Principal (or Vice Principal in absence of the Principal). If your concern is about the Principal, you must report this to the Chair of Governors. The school office will provide contact details for the Chair of Governors if you need them.

### **What to do to keep yourself safe**

- Always speak to students calmly and respectfully
- Avoid physical contact with students unless you are preventing them from harming themselves or others
- Avoid being alone with any student – you should not do so unless there is a specific reason to do so, and other staff are aware.
- Always tell someone if a student touches you or speaks to you inappropriately (record the incident, including the time and date, and give this to the Principal / Designated Lead)
- Never exchange personal contact details with a student or arrange to meet them outside of the school environment
- Never have contact with a student on social media
- Never use a personal mobile phone or camera around students
- Never discuss confidential information outside of school or on-line.

### **Fire and Emergency Evacuation**

If the alarm sounds (continuous bell), exit by the nearest fire exit and make your way to the tree by the red main gate where you will register. Please wait there until you are given permission to re-enter the building. If you discover a fire, please activate the alarm, and inform a member of staff if possible.

### **First Aid**

Many of our staff members are trained in First Aid and you will see notices around the school. If you need assistance, please inform a member of staff. Visitors should not treat students unless permission has been given. In an emergency do not hesitate to call 999 for an ambulance.

*De-fib. The School's De-fib can be located in the PE Office.*

### **Accidents and Incidents**

Please report any accident to the Student Services office in the main building.
