Dear Parents/Carers,

December is a busy month for our Year 11 students and here is a run-down of what will be taking place here at Audenshaw School:

## **Week commencing Monday the 02<sup>nd</sup> of December – Period 6 starts**

Period 6 is our after-school revision programme that aims to support students in their studies, in all subjects, in order to be prepared for examinations in 2025.

The revision programme will follow a two-week timetable, similar to the one that students follow in school, details of which are:

- During **Week 1** we will have revision in the following subjects:
  - History – **Monday**
  - RS and Science (Science has priority here) – **Tuesday**
  - IMedia, Computer Science, Geography, French and English (English has priority over all other subjects) – **Wednesday**
  - Spanish and Maths (Maths has priority here) – **Thursday**
- During **Week 2** we will have revision in the following subjects:
  - History and BTEC Sport – **Monday**
  - Art, Photography, 3D Design, Food and Science (Science has priority over all other subjects) – **Tuesday**
  - Business, IT, French and English (English has priority over all other subjects) – **Wednesday**
  - Geography, Spanish and Maths (Maths has priority over all other subjects) – **Thursday**
  - DT Systems – **Friday**

**Important point to note:** These sessions will be based on an invite system in order for us to tailor sessions to individual student's/groups of students' needs. Please keep an eye out for notifications from Curriculum Leaders/Teachers in Class Charts.

As we approach the mocks (January) and the summer exams **I must stress that if they are invited to attend – they **MUST** attend – and I would appreciate your support with this.**

Communication with home will take place via the Class Charts app if your son does not attend his Period 6 sessions. They are vital to success in 2025.

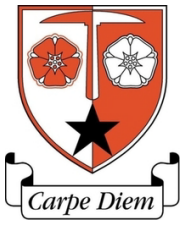

## **Year 11 Mock Exams (December/January)**

In preparation for the summer exams, we will be holding our practical mocks before the Christmas break in the following subjects in the week commencing **Monday the 09th of December 2024:**

- 3D Design
